The new village council convened at the Court house Monday night and was presided over by Mayor C. A. Canfield. All members of the new council were present, as follows: Harry Simpson, Albert Roberts, J. C. Burton, Frank Sales, Mrs. Eva Reagan and Marshall A. Atkinson.

Petitions for the appointment of night marshal were presented by Mike Brenner and Alvin LaChapelle. The latter had more than 300 names on his petition and Mike Brenner about 30. Verbal petitions had been filed for the appointment of fire chief. The council voted 3 in favor of Frank Sprague, two for Oliver Cody and one for Jerry Sherman. A number of firemen were present and opinions were expressed indicating that the organization were well satisfied with Mr. Sherman as chief and highly commended the work he has done during the time he has been acting as such. Upon recommendation of Mr. Cody, who was a runner-up in the vote, Mr. Sherman was appointed.

Highway repair fund, 1 mill, providing a fund of \$1244.37, plus the balance on hand of \$1276.17, making in all \$2520.54.

These rooms consist of the second and third grades. The teeth defects while not serious as in the higher grades, are most important. Parents are led to believe that because these are just temporary or baby teeth, that they will come out anyway, without any attention. While that is true, they have a tendency to mar the structure and beauty of the second or permanent teeth, if not properly cared for at the right time.

The mouth is the door to the body. Teeth, tongue and gums are doorkeepers. Nothing harmful must pass the door.

Therefore the doorkeepers must be well and strong. Their health must be cared for by experts.

How long do you want them to stand on guard? Take a peep into the future.

HORTICULTURE TOO.

At the Grange Farm and Home Management meeting at the G. A. R. hall the 15th a brief time will be given to Horticulture. It will soon be time to spray fruit trees. Who likes wormy apples? Protect your trees. Better come and look over the splendid charts in oil colors also bulletins and other publications that will be at your disposal. Then too, many have had trees of various kinds split and almost ruined by the recent ice storm. Are you sure you know how to properly repair them?

Those who are interested in learning what to do when aphids and chewing insects attack their garden, flower beds, and shrubbery—especially roses. It is discouraging when rose bushes leaf out to discover leaf-hoppers busily at work chewing away at the leaves or when the buds begin to burst to discover butterflies chewing them as the roses win in full bloom one-sided and unsightly. It is unnecessary to suffer these losses, when a few cents worth of the proper poison at the proper time will prevent it.

Remember we are going to send apples to the fairs this year again. Let's all try for the first prize at the Michigan State Fair.

Can't be did? Let's show 'em. Clifford Merrill, Lecturer.

WHOOPING COUGH INCREASING.

Health Officer Carl Jensen reports that whooping cough is not decreasing any and in fact has increased during the last month. Many cases are not reported to the doctor and health officer and thus many children become exposed. The law requires of parents a prompt report of any contagious cases and in cases of neglect to do so the penalty is very severe whenever applied. The public has the right to be protected and all should cooperate to the fullest extent whenever contagion appears in a community.

The following children are under quarantine for whooping cough: Genevieve Wikowski, Helen Wikowski, Kenneth Hoseli, Isa Schullif, Elma Mae Sorenson, Jack Kraus, Elizabeth Kraus, Dorothy Preston, Myrtle Mitchell, Leda Mitchell, Irene Mitchell, Alvin Mitchell, Everett Mitchell, Ethel Mitchell, Bernette Chappel, Virginia Kraus, Yvonne Kraus, Dorothy Richardson, Robert McDonald, Robert Sorenson, Frank Willet, Lucille Beckstrom, Helen Beckstrom. Stanley Udell has scarlet fever.

The Fifth Prune.

Once upon a time an overworked woman ran a boarding house, while her husband did not do much but spit, run errands and talk wise to the boarders.

Every afternoon of the year the woman measured out the prunes for supper, always putting in four prunes and an exact amount of juice; never any more prunes or juice; never any less.

The unfortunate clerks who boarded there always knew definitely that they would have prunes for supper and how many.

After many years of faithful pruning, during which time, she had never had a change or rest, the faithful wife fell sick.

The husband, hurt beyond expression that his wife should have acted so thoughtless and left him stuck with all those boarders hurried to his market in the country and with tears in his eyes, begged her to come and wrestle with the boarding house until something could be done.

"The sister, Sir, jolly, capable, wanted a little change from the farm, that they were thinking of renting anyhow, promptly came and took charge."

The afternoon of the first day, she asked her brother what sauce they and for supper.

"Prunes; over in that kitchen!" Sally began to fill the sauce dishes, lined up on the table like soldiers.

"Here, stop that. You've got five prunes in every dish, and lots more than we ever give em! Do you want to ruin me? I can scarcely make both ends meet now, said injured husband."

"Get out. If you want me to help here, you've got to let me work in my own way," said sister.

So, at every plate that night, reposed sick sister's best sauce dishes, containing not only the time-honored four prunes in a hollow square, with a dash of juice, but, riding triumphantly on top was a great big, plump, shiny, fifth prune, as if it had climbed high to avoid the perfect sea of juice with which all five were surrounded.

Boarders stopped, with spurs half way to mouth, and looked incredulously at each other. They all felt quite gay and festive as a result of the innovation. Next day the trimmer in the millinery store brot home a new board, the extra trimmer who had come for the busy season. "You will like it swell at our place. Board is awful good." All on the strength of the shock of the extra prune.

Sister Sally had added a plate of cakes, light, fluffy things, made out of almost nothing.

Hank Yauger, who had been on the verge of changing boarding places, changed his mind and wanted to know if they couldn't make room for a chunk of his.

Husband spent lots of time in the kitchen, wringing his hands and predicting utter financial ruin if this extravagance in setting the table was not stopped; but buxom sister Sally said she would set the table as she pleased or go back home.

The fame of the table spread, with each loosening of the purse strings, in supplying the table until every possible place for a chair at the table was taken. Each new boarder made it possible for capable Sally to improve the bill of fare, without using all the extra board money.

The price of board was raised a trifle, which the boarders gladly paid, knowing that for the trifle extra they were getting board that was twice as satisfactory.

The boarding house not only held

Great, I'll Say!!

By this extremely generous offer, the last vestige of an excuse is removed. Those who did not want Holsteins can now get the Shorthorn they said they wanted. Those who wanted young bulls, in order to become accustomed to them as they grew up, can now have exactly what they want.

Within two hours from receipt of Mr. Leenhout's letter two gentlemen had spoken for bulls.

YOUNG MAN SUCCEUMS TO PNEUMONIA.

Clarence E. Lytle, passed away at the home of his brother, Charles Lytle in this city at an early hour Friday morning after being ill for several days with pneumonia and yellow jaundice. Mr. Lytle was subject to pneumonia having had it at three previous times, once while in the service of his country at Camp Custer, the disease following an attack of influenza. He was given every comfort and the best of care during his illness, a trained nurse of Bay City caring for him. This time he was in the clutches of the disease and could not withstand it.

Clarence Earl Lytle was born at Westwood Mich., December 22, 1896, he being 25 years, 3 months and 9 days old at the time of his death. Being left an orphan when but a youth, he made his home with his brother, Charles Lytle. On September 3, 1918 he answered the call of his country to service and served until December 12, 1919, when he was honorably discharged and returned home. Previous to entering the service he was employed as air brake inspector at the local M. C. roundhouse, and when he returned home after serving his country he resumed his old position and held same up to the time he was taken ill. He was well liked by his fellow workmen and was the pride of his brother's home, where he will be sadly missed.

The funeral, which was largely attended was held Sunday afternoon, services being held at the home at 2:00 o'clock and at the Michelson Memorial church at 2:30 o'clock. It was conducted under the auspices of the I. O. O. F., and to pay homage to their comrade—the members of Grayling Post 106 attended in a body. Rev. Doty delivered a most impressive sermon, giving a sketch of the young man's life. The choir rendered a number of beautiful selections. The funeral cortege wound its way to Elmwood cemetery, where taps were sounded by E. G. Clark and another of those brave boys, who answered the call of Uncle Sam was laid to rest in Elmwood cemetery.

Those from out-of-town who came to be in attendance at the funeral were Mrs. P. C. Olson of Manistowish, Mrs. William Bassett and Mrs. E. G. Gardiner of Detroit and Mr. and Mrs. A. B. Poor of Manton.

The monthly meeting of the Ladies' Aid society of the Michelson Memorial church will be held Friday afternoon, April 7th at 2:30 o'clock. Members will you please deliver to Mrs. Gillett the rags you have sewed for rugs.

There is that which scattereth yet increaseth. There is that which holdeth yet tendeth to poverty."

The farmer who will drill in a bushel per acre of soy beans, costing \$2.50, on a field that is sick and weary of life, and plow them under, with a chain on the plow, when the soys are in blossom, will find the field, like the landlady of the boarding house, feeling better than for years.

No Illusions.

I do not fool myself into thinking that everyone will start right in this spring to do anything for the soil's sake. No, sir, I have had too much experience with men.

Some men would die before they would take on a new idea.

Plenty more find it easier to live small lives, and let their wives and children do the same, than to put the grease where the squeak is.

There are always men in every community that no one expects to do anything progressive.

The man who takes one acre of alfalfa, planted to certified Grimm seed, may yet find his farm his farm, and his fortune rejuvenated.

The man who awakes to the worth of seeing if his soil lacks time, and tries even a ton, may start something that will eventually do for the farm and the family—all that is hinted at in the story of the fifth prune.

Well Done Boys!

Al Failing, Jens Hanson, Geo. Annis, Oscar Borchers, Theo. Christoferson and H. P. Jensen have bought a new lime distributor, for the pulverized lime stone they are soon to receive. This is a very encouraging step forward.

Several cars of pulverized lime stone for the soil is to be shipped in as soon as wheeling is over.

Best of Good Luck.

A letter just received from Mr. E. Leenhout, Agriculturist of the New York Central Lines, announces something that seems too good to be true. Yet, I know, coming from such a source that it is on the square. Mr. Leenhout states that his company, wherever we can loan well-bred bulls of almost any breed free of charge to worthy farmers along the Michigan Central Railroad for three years. These bulls will be about 3 months old, although we may be able to get a few near breeding age. You (the county agent) will be able to supply every farmer with a pure-bred bull who shows the best bit of inclination to improve his live stock. In a few years the last scrub bull should

Battle Creek high school's \$10,000 astronomical observatory is worthless and has not been used since 1908, the year the school was built, it was discovered by C. V. Lane, chief inspector on the state fire marshal's staff, and Frank N. Green, public safety department, who inspected the school. It develops that "misallocation of plans" is responsible and the observatory will not be removed on the specially built gears. Principal H. B. Atkinson recommended that the observatory be scrapped, for the copper that covers it, unless the school board intends to repair the tower.

The Chicago road from the New York Central railroad west of Sturgis will be paved with concrete this summer through White Pigeon west to Motville, and then southwest to the Indiana state line. It is then only a short distance to Elkhart, where it will join the Lincoln highway, providing a good highway between Detroit and Chicago. Another road to be constructed in the county is No. 12 north from White Pigeon to Constantine, which connects with good roads north to Three Rivers, Kalamazoo and Grand Rapids.

Original legal documents, said to have descended from the time of Christ and the apostles, have been donated to the University of Michigan by John W. Anderson of Detroit, acting as representative of the 1929 graduating class of the University Law college. The collection includes 111 original papers, which were discovered last year near the site of the ancient city of Tebennu, Egypt, by Professor Francis W. Kelsey, who headed the University of Michigan expedition to Egypt.

Judge John S. McDonald of Kent County Circuit Court, was appointed by Governor W. C. Clegg to succeed the late John W. Stone on the supreme court bench. Judge McDonald was born in Ontario 55 years ago and came to Michigan in 1884. Previously to that he had been a student in the University of Toronto. After being in school in Grand Rapids two years, he entered the University of Michigan and later was graduated as a law student.

The campaign of the Ypsilanti Board of Commerce to raise \$200,000 for the erection of a hotel, which ended with \$202,900 subscribed, chairman H. A. VanDeWalker announced. The hotel, a four-story building, will be built on a lot on a down town corner acquired for \$47,500 and will be finished next year. It will house 60 rooms, and ballroom, and radio equipment will be provided.

A return of 88 per cent on its investment is necessary for the Michigan State Telephone Co. to meet annual charges for money, according to an estimate submitted by A. S. Crunden, general superintendent of accounting methods for the company, to the Michigan Public Utilities Commission at the hearing at Lansing on the company's petition for increased rates in its exchanges outside of Detroit.

Charles Campbell, head of the Detroit bureau, Michigan department of public safety, made known that two speed boats, armed and manned by Michigan state troopers, will patrol Detroit river this summer on the look out for such scoundrels. They will supplement the activities of the police and marine patrol.

Roy Gilbert, 25 years old, of Detroit and George Brown, 21 years old, of Escuse, were arrested on a charge of being with a party of 12 in a bar in Detroit. There were no cases in the bar.

LAPEER COUNTY
SHERIFF REMOVED

GOVERNOR OUSTS RAY J. BAKER
AFTER PROBE OF PARTY IN
COUNTY BUILDING.

MISCONDUCT CHARGE SUSTAINED

Habitual Drunkenness Accusation Is
Dropped But Woman's Testimony
Supports Less Serious Charge.

Lansing—As a result of charges
made against Ray J. Baker, sheriff of
Lapeer county, by several residents
of the county, an order was signed
Monday night by Governor Groesbeck
removing him from office.

The five original charges made
against Baker included official mis-
conduct, habitual drunkenness, wilful
neglect of duty and malfeasance in of-
fice. Three of the charges were
thrown out when the matter came be-
fore the governor for hearing early in
March, and the trial was conducted
on official misconduct and habitual
drunkenness.

In the order for Baker's removal,
Governor Groesbeck declared that the
testimony failed to support the charge
of habitual drunkenness, but declared
that the allegations made concerning
misconduct in public office were such
as necessitate the sheriff's removal.

In the original charges made against
Baker, two other county officials were
named, George Dickinson, justice of
the peace, and George Utley, county
road commissioner.

The allegations included the charge
that Baker, Dickinson and Utley took
part in a "party" with a woman named
Cora Wilkey.

When the case came before the gov-
ernor, Cora Wilkey was not to be
found, and without her testimony it
appeared Baker would be cleared. A
surprise was sprung on Baker and
his friends when Governor Groesbeck,
with the aid of Colonel Roy E. Van-
dercock, of the state police, located
the woman and brought her to the
governor's office to testify.

Her story supported the charge that
Baker had attended the party, with
the result that the order for his re-
moval was issued Monday night.

of persons in the heart of south Chi-
cago's business district, Policemen
Ernest H. Cassidy and Philip Som-
mers, treasurer of the Royal Building
and Loan Association, were killed by
one of five robbers, who escaped amid
a fusillade of bullets, in an automo-
bile.

The remarkable daring displayed
by the robbers is indicated by the
circumstance that the scene of the
crime corresponds to Chicago's loop
—except that on Monday night, which
is pay day in many of the big indus-
tries there—the streets are crowded.
Stores, shops and restaurants were
open, and only a short distance
away was the police station.

COMMONS VOTE CONFIDENCE

Indorses Lloyd George's Government
Policy by Large Vote.

London—The house of commons
Monday adopted, 372 to 94, Premier
Lloyd George's resolution calling for
confidence in the government's policy
on the coming economic conference at
Genoa.

Prior to this, the house, 379 to 84,
rejected an amendment, proposed by
John Robert Clynes, laborite, which
while approving an intentional eco-
nomic and financial conference, de-
clared that the government was not
competent to represent the country at
such a conference and did not have
the confidence of the country.

ONLY ONE TWIN WAS MOTHER

Operation Could Not Have Saved
Sisters, Examination Shows.

Chicago—An operation to separate
Rosa and Joseph Blazek, Siamese
twins, would have proved fatal, a se-
rious postmortem conducted here
showed.

Dr. J. H. M. Otradowec stated that
the twins, who died last week, were
joined at the spine. The surgeon said
that Frantz Blazek undoubtedly was
the son of Rosa and not of both twins.

Testimony of Dr. Otradowec is ex-
pected to be introduced in probate
court here during settlement of the
\$100,000 estate of the twins.

Her Right to Serve.

the jury—which is to try him—on
charges of conspiracy to embezzle

Through his attorneys, he chal-
lenged the entire jury list of Lake
County because only men had been
called.

TAX PAYERS TAKE NOTICE.

I wish to thank the citizens of
Grayling for endorsing my petition
for night marshal and warden to take
a few facts.

The tax payers had better form a
Citizens ticket for the tax payer's
benefit. When recommendations of
citizens of Detroit are taken into
our Village affairs, I do not think it
is right and just. Why not form a
Citizens ticket for the citizens and
have all tax payers holding offices.

Alvin LaChapelle.

NEVER before has the amazing Knight sleeve-valve motor been available in so fine a car at so low a price. Europe uses the Knight motor in her most famous and expensive cars. Now Willys engineering, Willys quantity production, put it in the reach of all in a car equally famous, but far less costly.

The Motor

The Willys-Knight motor is the highest development of the Knight sliding sleeve-valve principle. It gets more power out of less gas than any other motor of its size and weight. It is free from valve trouble, free from carbon trouble, smooth, quiet, flexible. Scientific tests and driver experience show that it grows more powerful with use. And its life limit has never yet been ascertained.

The Car

The Willys-Knight Car is especially designed, to match the motor in long life and distinction. Graceful, refined, dignified, its sturdy steel chassis beats off jolts and jars and holds the body permanently free from rattles and squeaks. Vigilant springs translate the roll of the road into undulating ease. It is fleet, comfortable, responsible—and a sound investment.
